The Laguna Cliffs Quarterly

Hot Dates, Cool Rates

The facility includes state-of-the-art teaching labs, the Maddie James Seaside Learning Center, two historic tallships, and an oceanographic research vessel. Ocean Institute was founded over 40 years ago as the Orange County Marine Institute and has since earned national recognition for its in-depth Marine Science, Maritime History, and Marine Biology education. The facility was formerly known as the Marine Science Institute and has been renamed in honor of our founding board member, Dr. George D. Paine Sr. The facility is newly designed and appointed guestrooms, recently completed as part of our $25 million reimagination!

Join us and relax in our newly designed and appointed guestrooms, recently completed as part of our $25 million reimagination!
